Summary of reasons for decision:

The computer image file printout is deemed objectionable because it promotes and supports the exploitation of children or young persons for sexual purposes.

The image shows a man raping a boy and is a record of sexual abuse. The purpose of the image is to titillate or arouse adults with a sexual interest in children or young persons. The image encourages this sexual interest and perpetuates the idea that boys are available for adult sexual use. The availability of such material creates or reinforces a sexual interest in children or young people and encourages exploitation and abuse.

The classification of these publications interferes with the right to freedom of expression. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
